Information for Applicants: New Beginnings Fund Criteria

HOW MUCH?

- The New Beginnings Fund will provide funding of up to £10,000 for each project.
- Partnerships can bid for up to £20,000.
- Bids for lower amounts are welcome.

WHO?

- ‘New Beginnings’ is a fund to help refugees and asylum seekers feel welcome in UK communities.
- The funding is for projects that bring refugees and asylum seekers together with other people in the local community.
- The funding is for community groups working in the UK.
- Community groups can be refugee-led or not.
- Partnership projects are welcome to apply. However we are not encouraging new partnerships to be set up in order to bid for New Beginnings.
- We want to fund some groups that work with asylum seeker children and young people. This might include unaccompanied children.
- We are looking for projects and activities that bring people together. The funding is not to start new services.

Some examples of what we are looking for:

- Projects led by refugees and asylum seekers.
- Projects that involve people with direct experience of being a refugee / migrant.
- Projects led by community groups that want to support new arrivals.
- Groups that involve refugees and asylum seekers and other local people in planning which activities are needed and in delivering the project.
- Activities for the wider community and refugees and asylum-seekers to do together.
- Activities run by refugee-led groups in partnership with other local groups.
- Refugees leading activities in their community.
- Projects that get people volunteering and sharing their skills. For example asylum seekers teaching languages, refugees leading activities in the community, local residents demonstrating how to mend cars, mentoring young people.
- Projects that link refugees and asylum seekers to good opportunities, advice and counselling.

- Projects that include refugee and asylum seeker children and young people (18 years old and younger)

We aim to strengthen planning and communication skills so that people can support integration effectively. We can provide advice on how to do this.

All projects should support human rights and equality.

**HOW DID THE FUND START?**

New Beginnings has already had a successful ‘pilot’ stage. The fund began when a consortium of funders noticed that the increase in migrants to the UK was putting strain on community groups.

They also noticed that more people in the UK wanted to support refugees and asylum seekers.

The funders felt that the best way to help was to fund small community groups. 45 groups were funded by the pilot. These were either refugee-led groups or local residents working to welcome refugees and asylum seekers.

The aim of the fund is to increase community-based support for refugees and asylum seekers.

**ELIGIBILITY**

This fund should **not** be used for anything that receives statutory funding. The fund cannot be used to fund:

- Syrian Vulnerable Person Resettlement scheme activities.
- Any other statutory funded activities.

*We do want to fund small refugee-led community groups and neighbourhood groups. If you do not meet all the eligibility criteria we can help. If you have a good project but feel you do not meet all the eligibility criteria please get in touch.*

If you are not a formal group you can apply in partnership with a formal group that fulfils the eligibility criteria below.

What do we want from a Safeguarding Policy?

- The group has its own safeguarding and child protection policy and procedures. We can help with drafting these.
- The policy should include definitions of abuse and signs of abuse and reporting procedure in case of disclosure.
- All members of the group can clearly explain what steps to take in case of suspicion or disclosure of abuse.

In England and Wales these are ‘DBS’ checks. In Scotland a check by the ‘PVG’ scheme. In Northern Ireland it is an ‘Access NI’ check. These checks are for people working directly with, or with access to, children and young people.)
- Staff, volunteers or trustees who do not work directly with children and young people should be trained on safeguarding. Training should be up-to-date. (Training on safeguarding for all staff, volunteers and trustees is a condition of the New Beginnings Grant. This can be done online.)
- The group should take steps to ensure children and young people in their care are safe. For example doing risk assessments for activities, ensuring staff hold relevant qualifications, and providing adequate training to volunteers.
